## NEW PRIMARY CARE CLINIC OPENS TODAY IN PASCO

*Kinwell Medical Group's newest clinic in Washington offers personalized, convenient care*

**PASCO, Wash. (Feb. 28, 2022)** — Kinwell Medical Group, the new concept in wellness and primary care, opened its newest location today in Pasco. The clinic has seven suites designed for patient comfort, blending the best in modern technology with thoughtful details to create a welcoming guest experience.

The Pasco location follows Kinwell clinic openings in Yakima and Wenatchee in December 2021 and is a part of a larger strategy to address the growing primary care crisis affecting communities across Washington. Multiple clinic openings are slated for Western Washington later this Spring

“At Kinwell, our goal is to elevate primary care by developing a genuine connection between each patient and their healthcare team. We want our patients to feel as though their care team is part of their family,” said Dr. Mia Wise, president of Kinwell Medical Group. “Our approach considers diet, fitness, and behavioral health, and we are excited to bring this option to the Pasco community.”

These new clinics will offer in-person and telehealth visits, online appointment scheduling, and reduced wait times. Kinwell patients will have free access to the Kinwell MyChart app where they can make appointments, manage billing, and contact their healthcare team.

Kinwell is an exclusive network provider of Premera Blue Cross. Its primary care physicians will be available to anyone with Premera or LifeWise insurance. Current and returning patients can schedule online at [kinwellhealth.com](https://kinwellhealth.com) or by calling 1-833-411-KINWELL.

The new Pasco clinic is located at 7505 Sandifur Parkway, Suite 103, Pasco, WA 99301. Additional clinics will be opening throughout the state of Washington in the coming months. For more information, please visit [kinwellhealth.com](http://kinwellhealth.com).
