**SEATTLE, Wash. (June 30, 2022)** — [Kinwell](#), a new approach to primary care based in Washington, has opened its first Seattle location in South Lake Union today. The new clinic is home to 7 suites designed for patient comfort, blending the best in modern technology with thoughtful details to create a welcoming guest experience.

Located at 5th Avenue and Denny Way, the new clinic is on the ground floor of The Century, an apartment building on the edge of South Lake Union. Kinwell recently opened two other King County locations in Lynnwood and Renton. This location follows other recent Kinwell clinic openings in the region, continuing its strategic approach of entering communities throughout Washington that need more primary care options. Additional clinic openings will open in Western Washington throughout this summer and fall, including a location in the Ballard neighborhood of Seattle.

“At Kinwell we believe that developing a true connection always makes a difference,” said Dr. Mia Wise, Chief Medical Officer of Kinwell Medical Group. “Through local community-based teams, our Kinwell model is built on trusted, long-term partnerships where patients return to optimize their health over time. We’re excited to further build connections with our patients and support them on their healthcare journey through Kinwell’s first location in Seattle.”

Kinwell clinics provide primary care and will soon be offering behavioral health services, offering in-person and telehealth visits, online appointment scheduling, and reduced wait times. Expanded primary care services will treat everyday ailments like a sprained wrist or upset stomach, as well as manage chronic conditions such as diabetes and depression. Kinwell patients will have free access to the Kinwell MyChart app where they can make appointments, manage billing, and contact their healthcare team.

Kinwell’s Seattle clinic is located at 520 Denny Way Seattle, WA 98109. Patients can log into their MyChart account via or schedule an appointment by calling 833-411-Kinwell. Open scheduling via MyChart will be available in late July.

## About Kinwell

Launched in 2021, [Kinwell Medical Group](#) is an exclusive primary care option for those insured by Premera Blue Cross, Premera Blue Cross Medicare plans, LifeWise Health Plan of Washington, and Bluecard holders. Kinwell is a Washington state-based medical group, focused on opening clinics across the region and elevating the primary care experience with more time, less complexity, and a better relationship between each patient and their healthcare team. Kinwell embraces a whole-health approach to primary care that includes diet, fitness, and behavioral health. We are also dedicated to building great places to work, where diverse ideas and cultures focus on the common goal of nurturing patient health.
